

Want to send order directly to your clients? Let us Drop Ship that for you!

Patient ordering is still to come... but we have the next best thing! Through online ordering at www.myrener.com.au you can place all the products you would like to send your client into your cart. At checkout, simply select the 'Drop Ship' option, type in their address and hit submit... your order will go straight out to the warehouse for picking, packing and shipping directly to your customer.

Your invoice is emailed directly to you and a copy is omitted from the order; this gives you the option to charge your client at your discretion.
